WORK EXPERIENCE

 Working as Intern at Rjay Technologies Pvt. ltd, Hyderabad from 6th FEB 2024 to till now**.**

PROJECTS

Project #1   : Ecommerce Multi-vendor (Current)

Tools Used   : Java, Hibernate, SpringBoot, Micro Services, Restful Webservices, MySQL,

Git, GitHub.

Description:

The Objective of this Project is the development of a sophisticated B2B multi-vendor eCommerce platform featuring distinct modules for sellers, customers, admin, and delivery personnel. The creation of an integrated marketplace where customers seamlessly engage in purchasing activities, while also empowering them with the capability to list and sell their own products. Implemented robust features facilitating inter-seller transactions, allowing sellers to not only showcase their products but also participate in procurement from fellow vendors. This initiative significantly enhanced operational efficiency and fostered a dynamic ecosystem of commerce within the platform, contributing to an enriched user experience and bolstered business relationships.

Responsibilities:

 • Involved in gathering the requirements, analysis, design & development of the project. • Attending Scrum calls

• Participating in Spring Planning session and Retrospective Meetings. • Develop the code as per Client requirements.

• Developed the application in Spring MVC Architecture.

• Worked on CRUD Operations, involved in developing Controller, DAO and Service Layers.
• Attending Stand-up calls and made sure to not have any blockers for the rest of the day.
